THERE ARE

JUST A FEW
WHO MAKE

COLLECTIONS COSTLY

Most telephone subscribers pay their bills promptly and the expense of collecting the majority of telephone accounts is, therefore, reasonable.

But there are a number of subscribers who overlook their telephone bills, who neglect to pay them within the reasonable specified time, and the cost of collecting these accounts is greater—probably two or three times as great as that involved in collecting all the accounts that are paid within the desired period.

The effort involved in collecting overdue accounts would be saved if all accounts were paid within a reasonable time, and might better be devoted to other work of value to the community's telephone service.

We are taking this means of placing the facts before telephone subscribers in general and we feel certain that they will co-operate by paying their bills promptly.

PLANS FOR COUNTY FAIR

(Continued from page one)

the Fair. The contracts for the free vaudeville entertainments have been made, and a number of the finest vaudeville acts playing at County Fairs have been engaged.

The Secretary is having considerable difficulty in obtaining advertising signs and posters, but the Addison County Fair is so well known that with good weather the grounds are expected to be well filled without any advertising.

Judge John E. Weeks, the retiring President continues to be very much interested in the Fair and renders valuable assistance to all Committees. He has been designated a Special Agent for the Association to arrange with the Weather Man for sunshine August 31st, and September 1, 2 and 3, 1920.

All prospective exhibitors in Addison County are making plans to capture the increased premiums this fall, and the Boys' and Girls' Exhibit will bring to the Fair the best products of the farms in all departments.

M. H. S. DEFEATS

CATHEDRAL HIGH

Middlebury High School atoned for its severe defeat in Burlington three weeks ago by turning the tables on the Cathedral High School team Wednesday afternoon and sending their home on the short end of an 8-3 score.

Baldwin was a different man in the box on Porter Field. In Burlington he had been generous to the extreme, allowing an odd twenty runs off his delivery. On the home grounds the visitors were lucky in getting their five hits. His slants were a puzzle throughout the entire session.

Taylor was the feature at the bat. He accounted for five of the total runs by doubling twice with the bases choked.

With this game Middlebury closed a very successful season.
